

Shine a Light Shabbat Volunteers

Shine a Light Shabbat builds understanding and helps prevent antisemitism through personal connection, education, and shared experience. The Lawrence Family JCC brings a full kosher Shabbat dinner to local churches and faith communities. Together, we share a meal, explore Jewish traditions and culture, ask questions, and make meaningful connections.

The goal is simple: **when people know Jewish people personally, understanding grows and antisemitism has less room to take hold.** Shine a Light creates space for friendship, conversation, and connection across faiths and communities.

We need volunteers to help make these meaningful evenings happen.

Connector

Help us build warm connections with churches and other faith communities that may be interested in hosting a Shine a Light Shabbat dinner. Connect us directly to people you know, make the introduction, and help start the conversation. Your relationships can help us build trust and create meaningful connections across San Diego.

Cook

Help prepare and cook the kosher meals for our dinners. Good food brings people to the table, and your help makes these warm, welcoming gatherings possible.

Ambassador

Join us at a Shine a Light Shabbat dinner as a representative of our Jewish community. Share the evening, answer questions, enjoy conversation, and help build understanding and friendship across faiths.

Help us shine a light through connection, conversation, and community.
Volunteer with Shine a Light Shabbat and help make connection happen here.

Interested in getting involved? Email Assistant Director of Community Engagement, Simone Ableson at simonea@lfjcc.org.
